

Thank you, Thank you, Thank you.

I can't say it enough times to show my gratitude for supporting me and my cause. And I really appreciate the kind words from everyone about putting the tournament together. For me, the real heroes are all who donated and played. Without you my cause does not exist, and I, we, do not have that chance to make a difference. Just know, all of you inspire me to keep the movement going, and I most certainly will knowing I have you at my back. And because of you, we were able to raise **\$3000** for the cause. Thank you, Thank you, Thank you.

Lastly, several people have asked for the results of the tournament. Just remember whether you came in first or last the real winner is **The National Multiple Sclerosis Society**.
